PETITION TO WITHDRAW HOLDING OF ABANDONMENT

Sir:

Applicants respectfully petition the Commissioner to restore the above-identified application to pending status on the grounds that Applicants never received a Notice of Allowance and Issue Fee Due purportedly mailed September 8, 2000.

FACTS

1. Applicants filed the above-identified application as a divisional application under 37 CFR 1.53(b) on July 9, 1999 in the U.S. Patent and Trademark Office (PTO). In the Utility Patent Application Transmittal (reexecuted copy attached as Appendix A) accompanying the divisional filing papers, the correspondence address was listed as Customer No. 05514. Various documents such as a Preliminary Amendment, Claim to Priority, Request for Approval to Amend the Drawings and an Information Disclosure Statement accompanying the filing papers requested that all correspondence be directed to the following address:

FITZPATRICK, CELLA, HARPER & SCINTO
30 Rockefeller Plaza
New York, New York 10112-3801

2. Prior to filing the subject divisional application, Applicants' representatives had taken necessary steps to ensure the PTO was aware of their new correspondence address in parent Application No. 08/579,241 and for all current and future filings associated with their Customer No. 05514. Attached as Appendix B is a computer printout that Applicants' undersigned representatives sent to the PTO listing which application numbers were to be associated with their Customer No. 05514. Attached are pages 1 and 31 of that printout. Page 1 is provided to indicate the captions of the various columns in the list and page 31 highlights where the parent application in question was listed. Attached as Appendix C is a computer printout received from the PTO confirming customer number assignments to patents and pending applications. The printout was

printed June 19, 1998 (prior to the filing date of the divisional application in question), and indicates that the assignment of the parent application to Applicants' representatives' customer number had been accepted by the PTO. Further, attached as Appendix D is a Request for Customer Number Data Change, dated May 29, 1998, requesting that the address associated with Applicants' representatives' customer number be changed to the current address.

3. Applicants received an initial Office Action dated December 28, 1999, in the subject divisional application.¹

4. On June 28, 2000, Applicants timely responded to the Office Action with an Amendment and Petition for a three-month extension of time. Applicants submitted further papers thereafter including a Submission of Sworn Translations of Priority Documents on August 14, 2000 and a Supplemental Information Disclosure Statement on March 15, 2001.

5. Because Applicants never received any further communication from the PTO, a Status Inquiry was filed on October 10, 2002. No reply was received from the PTO.

6. On June 6, 2003, Applicants' undersigned representative telephoned reception at Technology Center 2800 in the PTO to inquire of the status of the application. The PTO advised that a Notice of Allowance and Issue Fee Due was mailed on September 8, 2000 and that a Notice of Abandonment was mailed on March 20, 2001, presumably

¹In preparing this Petition, Applicants' undersigned representative first realized that the PTO was using Applicants' representatives' prior correspondence address to mail the Office Action.

because the Issue Fee was never paid. The PTO also advised that the correspondence address according to PTO records was the undersigned attorney's prior correspondence address, 277 Park Avenue, New York, New York 10172.

7. Applicants never received the Notice of Allowance and Issue Fee Due purportedly mailed September 8, 2000. This is likely because an incorrect, outdated correspondence address was used by the PTO.

RELIEF REQUESTED

The Commissioner is respectfully requested to restore the above-identified abandoned application to pending status since Applicants' representatives properly changed their official correspondence address before the application was filed and never received the Notice of Allowance and Issue Fee Due purportedly mailed September 8, 2000, through no fault of their own. It is respectfully requested that a new Notice of Allowance and Issue Fee Due be mailed, resetting the period for paying the Issue Fee.

FEE

The Commissioner is hereby authorized to charge the Deposit Account No. 06-1205 for any fees which may be due. However, since it is believed that the holding of abandonment is a result of circumstances not attributable in any way to Applicants or their representatives, it is respectfully submitted that no fee is due.

Applicants' undersigned attorney may be reached in our Washington, D.C.
office by telephone at (202) 530-1010. All correspondence should be directed to the
following address:

Processing Procedures for the Enclosed Report

The enclosed report is the result of processing Customer Number diskette(s) you provided. Your diskette(s) designates your customer number as your correspondence address and/or practitioners of record and/or fee address for all serial numbers and/or patent numbers listed on the diskette(s). If you submitted more than one diskette, we sometimes combine the data into a single file so that only one report is printed. When files are combined into a single report, it will be noted on the first page of your copy of the report.

The first part of the enclosed report lists serial numbers and/or patent numbers of applications and patented files not updated with your customer number. The reason for not updating is also provided, e.g. "Filing date error - Excel Date 11/01/05 PALM date 11/21/95".

Please review this part of the report and determine if the information you provided is incorrect. If yes, correct the information and ***submit another diskette only for those serial and/or patent numbers in error.*** Send the disk to the Customer Number Box (Box CN), Attention Steve Brendle and note on the outside, "Corrected CN Files". If you believe your information is correct, contact me at the phone number listed below. Unless corrections are made, serial numbers and/or patent numbers listed on the error report will continue to be associated with the last available correspondence and/or fee address(s) and or associated registration numbers on file.

The second part of the report lists applications and/or patented files updated with your new customer number information. For each updated file listed, the first line of the previous correspondence address is provided. If this looks unfamiliar, it may be that you have updated your customer number to a file belonging to someone else. It is ***extremely important*** to immediately notify the PTO when errors are found. Otherwise, correspondence and fee related matters for the file(s) belonging to someone else will be mailed to your customer number address. Please provide, in writing, the following information: A statement that the serial numbers and/or patent numbers were updated with your Customer Number in error. For each application or patented file updated in error, list the Serial Number and/or Patent Number, Issue Date and/or Filing date, your customer number and the name and phone number of someone to contact in case there are questions. Send this information to: PTO, Box CN, Attention: Steve Brendle, Customer Number Corrections, PK3, 702/782.

If you submit another disk, please do not include commas (,) or slashes (/) as part of the serial number or patent number. Do include the series number as part of the 8 digit serial number. Also, for now, we cannot accept PCT serial numbers in the customer number program. Please do not resubmit any PCT's included in the error report. Continue to submit individual letters for each PCT file when you have a change of correspondence address and/or fee address.

You may call me at (703)-305-9877 if you have questions.

Thank you for your help and support of the Customer Number Program,

Steve Brendle
